

Reasons Why Our Patients Love Garland & Johnson Dental

Our Team

Most places claim to have a gentle, caring staff—but we take it a few steps further. Our focus is on you—all day, every day. We truly appreciate your trust in us and strive to make our office a place where you would be proud to send your own family and friends.

Your Comfort

It is our pleasure to accommodate our patients with items to make their visit as comfortable as possible, such as a soft blanket, a pillow, a beverage, a warm face cloth, and more!

Health and Safety

Garland & Johnson Dental is equipped with the latest dental technology and meets or exceeds government standards of infection control. We use digital x-rays that emit 90% less radiation than standard film x-rays and patient safety glasses. We only use the highest quality materials and dental laboratories.

Computer-Aided Technology

Garland & Johnson Dental is one of the leading practices using CAD CAM technology. CAD CAM allows our doctors to design and fabricate beautiful porcelain crowns in our office. We also offer imaging that allows us to design the best implant process for you.

Visit our website or like us on FaceBook to learn more—or stop by and we will be happy to give you a tour.
